HINDS JUNIOR COLLEGE DISTRICT

Foreword

Utica Junior College offers many opportunities to its students. These opportunities are designed and instituted to allow students opportunity to practice those skills which are necessary for full citizenship in tomorrow's world. Student capitalization upon and utilization of these opportunities are demonstrated

in many ways and in many places throughout UJC—in the classroom, outside the classroom, in activities and services—all of these are Signs on the Road to Progress. A few of these signs are depicted in the following pages.

Dedication

Progress is a way of life for President Walter Washington. During the past decade, Utica Junior College has grown tremendously under his administration. An outstanding faculty and staff; new and modern buildings; and national recognition are products of his dynamic leadership and progressive philosophy.

President Washington's leadership and philosophy have contributed not only to the growth of UJC's physical plant but also to its educational standards. UJC is characterized by increasingly higher standards of scholastic achievement and educational pursuits.

In recognition of his untiring efforts to bring UJC into the mainstream of American education, we dedicate the 1967 UTICANITE to President Walter Washington as a token of our esteem, gratitude, and love.

The Utica Marching Band

The Utica Ode

Oh, Utica, Dear Utica, fair child of Mississippi
The world now turns its longing eyes to thee.
Be brave and strong, nor stoop to wrong,
Strong in integrity.

The strength of youth inspires your heart;
In faith and prayer you've made your start
Now climb the rugged road, now climb the
rugged road.

Now climb the rugged road, and play your part.
Oh, Utica, brave Utica, Thy race needs Thy
assistance.

Viewing the policies no more askance
Thy task is to burst the bonds of baneful
ignorance

Naught now can stray the upward way.

God send the manna day by day.

And guides thy footsteps, and guides thy foot-
steps,

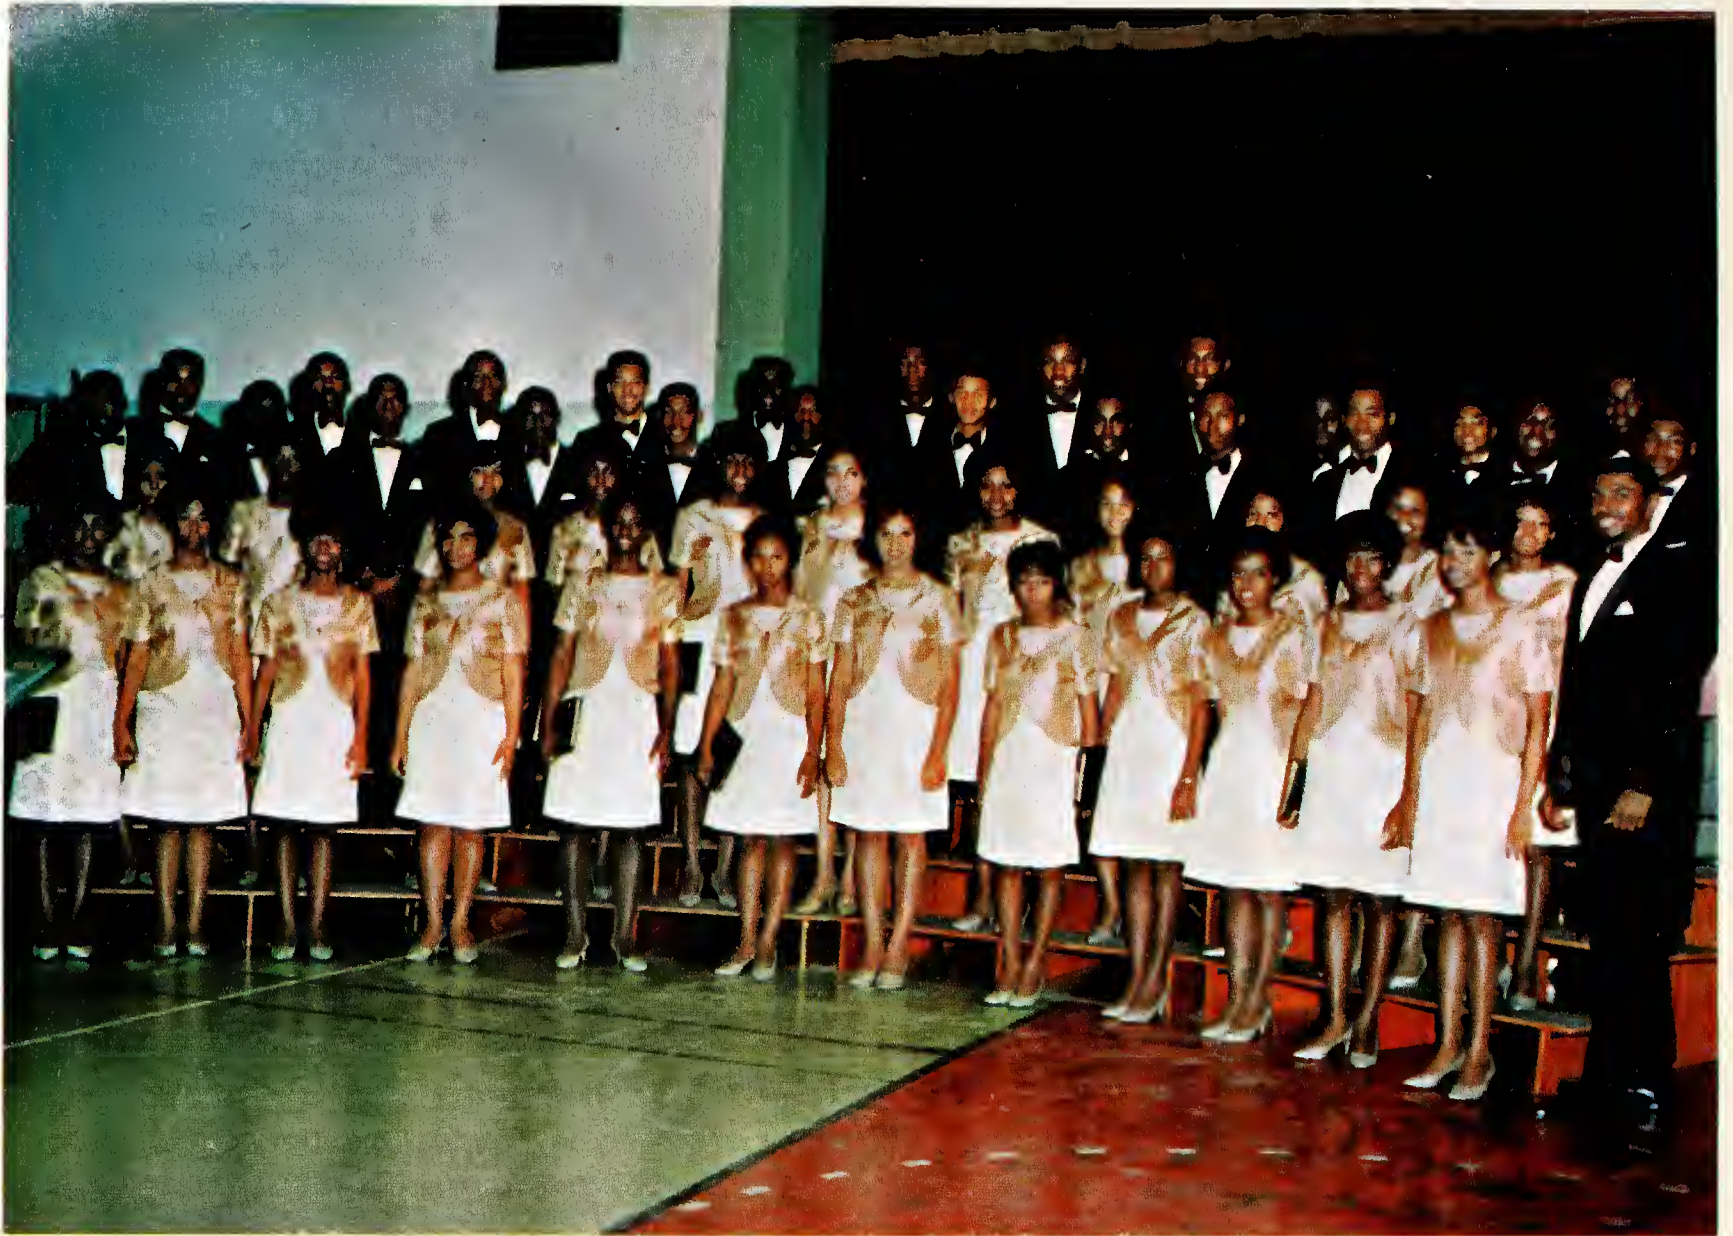

And guides thy footsteps lest they go astray.

Dear Students and Friends,

The 1966-67 edition of the Uticanite is a real credit to the diligence and dedication of the annual staff and faculty advisors. I take this opportunity to congratulate them for producing this most outstanding yearbook.

Utica Junior College has experienced tremendous growth: a twenty percent increase in enrollment with an equal increase in the high school enrollment. This has necessitated an expanded building program: a student union, that will house student activities, has just been completed; a college administration-classroom building is now under construction; and plans are being made for the construction of a library and a \$1 million vocational-technical unit, which will accommodate some twenty additional vocational-technical programs.

The high school department has also realized accomplishments. Among them, it has produced two finalists in the National Merit Scholarship Program.

These accomplishments and expansions are a challenge to the students and faculty to do their best in making every day worthwhile.

We, with the splendid enthusiasm and cooperation of the students, faculty, and friends, shall continue to succeed here at Utica Junior College.

Sincerely yours,

Walter Washington

ORGANIZATIONS

The Student Council

The Student Council—the key organization—exists on the campus to promote the general welfare of the school; to provide active participation in student affairs; to serve as an intermediary between faculty and students in matters of general welfare, and to train its participants for leadership.

Sponsors, Mrs. E. Turner, Mr. E. Abston

The National Honor Society is founded upon four basic principles: Character, Scholarship, Leadership, and Service.

The Intelligentsia Chapter of the Honor Society here at Hinds County Agricultural High School has as its ultimate goals:

1. To promote better citizens and leaders of tomorrow's world.
2. To emphasize the importance of scholastic achievements.
3. To instill in others an awareness for the need of an education.

Each year Intelligentsia tries to sponsor several projects serviceable to the school or community and climaxes its year's activities with a trip to broaden students intellectually and culturally.

Sponsor, Mrs. D. Jones

Signs On The Road Of Progress

Utica Junior College and Hinds County AHS have continuously progressed in the field of education since their founding sixty-four years ago.

It is the intention of the yearbook staff to present the progress through the use of signs which have been vital to this institution.

The diligent staff, whom I am proud to have worked with, has worked extra hard in the preparation of this yearbook.

It is the wish of the yearbook staff that you will accept these signs as a promise of the future and cherish their meaning for many years to come.

Appreciatively yours,
Alvin Stamps

This was our year for progress. And who knows? Sure, we studied and we crammed for finals, but the honorable annual staff of Utica enjoyed itself this year. This is our book and we love it!!! We hope you do to.
